REFLECTION ON CONFERENCE EXPERIENCE

It was a one of a kind experience collaborating with different people from different cultures, meeting with the same goal.

I'm really grateful because all the presenters are given the awards. It is superb and motivating us! Thank you very much.

This is my very first conference and it was a very great experience indeed.

Papers discussed were very good and a lot of information on language teaching and learning

This event was very well done. Apart from joining this as a knowledge sharing platform, I learnt a lot from the speakers and the presenters.

COMMENTS AND RECOMMENDATIONS

Keep up your wonderful work and I hope to present at MIRCELE in future.

The conference was splendid. Kee up the good work!

MELTA need to improves the audio system because sometimes the audio was not clear.

It would be great if guidelines could be clearer and more informative. For example, the guideline for e-poster was not informative enough, I did it entirely wrong. Thank you for organising this conference and everything

Thank you for the effort of preparing and making this online conference a success. I am looking forward to next MELTA conference to be held face to face. Thank you so much the committee members. Have faith!

It would be interactive if we have live meeting Q & A session for our research presentation

Please give more training or video guidelines earlier to new participants of online conferences so that they can attend the plenaries and parallel sessions more smoothly.

CONFERENCE REACH POST-EVENT EVIDENCE

Congratulations ... 🖐️

It was a really great program and I got much recharging. I went into PhD, academic, and teachers rooms. There are many ideas inspire me here in Indonesia. Hopefully, in the future time, I'll get an opportunity to join the MELTA conference directly.. 😊 Once again, congratulations.

Delegate from Indonesia
